Upon settlement of outstanding amounts (see Cap. I Art. 9), Participants will receive a SAMPLE REMOVAL PERMIT, required to begin stand dismantling work and remove exhibited products.

Failure to settle invoices authorises Management to refuse to issue the SAMPLE REMOVAL PERMIT and withhold the goods and fittings on the Participant's stand as compensation.

Participants who have outstanding payments with the Organizer at the end of the expo/event will not have the right to pick up their Sample Removal Permit and will therefore not be authorized to begin dismantling work.

In the event of Participants failing to pay the sum due immediately, the organizer will withhold, with a right compensation, the goods and stand fitting material on the Participant's stand.

Six months before the exhibition, the dismantling and removal work timetable will be available on the official website at page <http://en.riminiwellness.com/exhibitors/dates->

It must also be noted that during dismantling days the use of cranes or truck-mounted cranes for loading goods in the expo halls is prohibited; these vehicles can be used in a next period (precise dates will be announced by Rimini Expo Centre Technical Department in the "reserved area" on the exhibition's Web site).

If the Participant does not complete stand dismantling by the stated deadline, without other formality, the Organizer may arrange for the sale of any materials and samples that Participants have not removed. the Organizer will deduct from sale revenue any amount still owed by Participants and will keep the remaining amount at the latter's disposal for a maximum of 6 days, after which the amount will be confiscated by the event Organizer, who accepts no liability for materials and products left in the Exhibition Centre. At the Participant's expense and risk, the event Organizer may arrange for the materials and products to be taken elsewhere.

Moreover, be advised that under none of the foregoing circumstances shall Italian Exhibition Group S.p.A. be held responsible for any damage to the materials occurring while dismantling, during their removal or while they remain unattended at the exhibition Centre.

Art. 8 - ENTRY PASSES

Participants and their staff may enter the Exhibition half an hour before opening time and must leave the venue at closing time. The Organizer may authorise extensions of these times on request.

Art.2 - CIRCULATION OF THINGS AND PEOPLE

The smoking ban is notified by appropriate "VIETATO FUMARE" ("NO SMOKING") signs that include indications of the relevant legislation, fines applied to offenders and the names of those tasked to ensure the ban is observed and establish if infringements occur. These signs are located at Exhibition Centre access points and are clearly visible. Other signs are used inside the building to indicate that smoking is not allowed and state simply "VIETATO FUMARE."

Offenders are subject to fines of €25-€ 250. The amount of the fine is doubled in the event of infringements committed in the presence of a visibly pregnant woman, babies or children up to 12 years of age. The Municipal Police, State Police and Italian Exhibition Group officials are responsible for ensuring the ban is observed and establishing if infringements occur.

Above mentioned products must compulsorily be compliant with Italian and European regulations, particularly regarding safety, personal health and the sale of said products.

Italian Exhibition Group S.p.A assumes no responsibility whatsoever in the event that, following checks carried out by the appropriate authorities, infringements are ascertained of the aforementioned regulations; any and every charge, consequence and sanction will be totally borne by the exhibitor in question, who will also be bound to respect all the contractual obligations regarding its participation in the expo.

Participants therefore also personally assume any and every onus and liability in relation to third parties in general in the event of false statements, as well as any damages due to the tasting/offer of products that do not meet legal requirements, totally exonerating Italian Exhibition Group S.p.A. regarding this matter.

Glasses, bottles or other glass objects may not be removed from stands: these items must be placed in areas accessible only to the Participant's staff.

Exhibited machines cannot be operated unless authorisation has been previously obtained from Management, who assesses each case before making a final decision on whether to grant this authorisation.

Issuing of authorisation does not imply the Organizer will accept liability or release participants from responsibility for operation of aforementioned machinery. Participants must therefore take all precautions necessary to prevent accidents and fires, reduce noise, eliminate odours and avoid gas emissions. Under no circumstances may machinery or equipment involving the use of fire be operated. Machinery must in no way constitute a hazard or disturbance to others.

For extraction of the fumes produced by cooking of food inside the stand, the Participant must use a special hood with suction block positioned above, complete with 4-stage filters with activated carbon for elimination of the cooking smells produced.

Exhibiting companies who have required to the Organizer to use sound reinforcement equipment, also for the use of public address equipment like microphones, speakers, etc, must use said equipment in such a way as to ensure a noise level that allows a suitable ambience for conducting business and therefore lower than levels in force (Legislative Decree 81/2008, Title VIII, Chapter II). In any case, in the exhibiting sector WPRO, the noise level set by the Organizer requires it to be less than 80 db at all times.

Specifically, the sound diffusion should be separated from the light plant and the rest of the electrical equipment. The sound diffusion should be directed towards the inside of the stand only

Sound levels will be measured by sound meters at the nearest possible point outside the stand area by Organizer's authorized staff.

Failure to comply with the aforesaid dispositions, including the request to reduce noise to levels lower than those specified in the second paragraph above, will give rise to the following actions against the defaulting Participant:

- for the first infringement notified, a verbal warning;
- for the second infringement, a written warning;
- from the third infringement onwards, the stand's electricity supply will be disconnected and the Participant is not entitled to refunds or compensation. In none of the aforementioned cases may Italian Exhibition Group S.p.A. be held responsible for any damage caused to the Participant and/or material exhibited when envisaged sanctions are applied following the Participant's failure to comply with the provisions herein.

Without prejudice to the abovementioned regulations and without prejudice to Italian Exhibition Group's commitment to ensuring Participants comply with these provisions, Italian Exhibition Group S.p.A. cannot be held responsible in any way if a Participant's illicit behaviour causes damage to other participants.
